Paid for by NJLCV Victory Fund, PO Box 1237, Trenton, NJ 08607-1237. This expenditure was not made with the cooperation or prior consent of, or in consultation with, or at the request or suggestion of, any candidate, or any person or committee acting on behalf of any candidate.

PHIL MURPHY, the clean energy champ, will create a green energy economy right here in New Jersey.

Phil Murphy will hold Chris Christie's corporate polluters accountable and make them clean up their messes.

As Governor, Phil Murphy will:

- *Make sure our drinking water is clean and safe for New Jersey families.*
- *Strengthen our economy by creating green jobs in the expanding solar, wind, and clean energy industries, ensuring that 100% of our energy comes from clean sources.*
- *Hold corporate polluters accountable, and stand up to the Trump administration as it tries to dismantle protections for our air and water.*

Phil Murphy: *Endorsed by the New Jersey League of Conservation Voters*
